

News from Skandiabanken Open Banking

2026-03-25 – Open Banking moves to Akamai

Information to the users of Skandiabanken Open Banking APIs.

As part of upcoming infrastructural changes, Skandia will replace the current DNS record for `apis.skandia.se` from an A-record to a CNAME. As a result, `apis.skandia.se` will begin resolving to dynamic IP addresses.

This information is primarily intended for parties that have whitelisted the current IP addresses associated with `apis.skandia.se`.

For any questions regarding the changes, please contact us on email:
`openbanking@skandia.se`
